Parent Access - How to use My Calendars in PowerSchool

This document will assist you in setting up calendars that pull information from PowerSchool.

If you need your PowerSchool login and password, the school's main office will be able to provide it in the form of a letter. You may pick up the letter in person or have it mailed to you. For security reasons, we **do not** give out this information over the phone or by email.

Login to PowerSchool at : http://Your_PS_Server/Public/

IF you need basic information about logging in, please read the [Parent User Guide](#) or contact your school's front office.
